**Industrial Pretreatment
Abnormal Discharge Report**

All Industrial Discharger to CoLA's Wastewater Treatment Facility, permitted or not permitted, are obligated to report abnormal discharges (volume or content). When a discharge is discovered - notify the WWTF at 717-272-2841 as soon as possible. The information will help us determine what, if any, response is needed to protect the operation of the wastewater treatment facility. Return form to: City of Lebanon Authority; Industrial Pretreatment; 2321 Ridgeview Road, Lebanon, PA 17042 or Email to compliance@lebanonauthority.org.
