### A FEE OF \$75.00 PAYABLE TO "CITY OF LEBANON AUTHORITY" MUST ACCOMPANY THIS APPLICATION

I, the undersigned, understand that the water service line from the curb stop to the property is the property owner's responsibility and that the City of Lebanon Authority is not responsible for leaks which may result from service termination.

I, the undersigned, also understand that: If individuals or entities other than you, the undersigned, occupy the property (e.g., tenants) for which you are requesting water service termination, you must notify the City of Lebanon Authority at once, because Federal and/or State law may require notification to all such occupants of said property of the proposed termination of water service prior to actual termination. Failure to notify the City of Lebanon Authority of the presence of other occupants or tenants at the property, or to provide complete and accurate information concerning the identity of such occupants or tenants, will result in you having to indemnify, hold harmless and defend the City of Lebanon Authority against any and all claims, fees, expenses, losses, damages, liability and costs including, but not limited to, the cost of defense, arising out of or in any way connected with the termination of water services resulting from your failure to provide such notification and information.
